# Frequently Asked Questions of the Form MO-1040A

## A How do I know if I am 100% disabled?

You are disabled if you are unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.

## B Why is the department asking if I'm 100% disabled?

The Missouri Legislature passed a law that requires the department to contact taxpayers that may be eligible to claim a Property Tax Credit (PTC). The department will use the 100% disabled information to contact taxpayers who may be eligible to claim the PTC for property tax or rent paid on your home.

## C Why would I check myself as a non-obligated spouse?

If your spouse owes the state of Missouri any child support payments, back taxes, student loans, etc., you may want to check this box. By doing so, Missouri will not use your portion of any refund to pay those amounts owed by your spouse.

The non-obligated spouse apportionment applies only to state agencies. The Internal Revenue Service is not a state agency and debts owed to the IRS are excluded from the non-obligated spouse apportionment.

## D What was my income on my 1999 federal return?

This number will be found on your federal return. Use the chart below to find the answer.

Federal Form	Telefile	1040EZ	1040A	1040
Line Number	Line I	Line 4	Line 18	Line 33

## E Can I subtract my state tax refund?

You can subtract the state income tax refund that is included in your federal adjusted gross income (Federal Form 1040, Line 10). If you claim a subtraction for a state income tax refund, you must enclose a copy of your Federal Form 1040. (See Federal Form 1040, Line 10.)

## F How do I know what my filing status is?

Use the same filing status you used when completing your federal return. Check the box applicable to your filing status. Box E may be checked **only** if all of the following apply: (1) you check Box 3 (married filing separate return) on your federal return; (2) your spouse had no income and is not required to file a federal return; and (3) your spouse qualifies as an exemption on your return and was not a dependent of someone else.

**Caution:** Box B must be checked if you are claimed as a dependent on another person's federal tax return and you checked the "yes" box on Federal Telefile Tax Record, Line B or Federal Form 1040EZ, Line 5, or you were not allowed to check Box 6a on Federal Form 1040A or Federal Form 1040. **Only one box may be checked on Line 4, A through G.**

## G What is my federal income tax deduction?

Missouri allows you a deduction for the federal income taxes you paid. The chart below shows you how to figure this deduction from your federal return. Place this number in the first box, but you can only claim a maximum of \$5,000 filing single or \$10,000 filing combined. You must only place the lower of these two numbers in the second box. **Your federal income tax deduction must be taken from your federal return, not from your Form W-2(s).**

Federal Form	Telefile	1040EZ	1040A	1040
Line Number	K box 2 minus L	10 minus 8A	32 minus 37A	49 minus 59A

## H How do I know if I should take the standard deduction or itemized deduction?

If you claimed the standard deduction on your federal return, you must also claim the standard deduction on your state return.

Single	Married Filing A Combined Return or Qualifying Widow	Head of Household	Married Filing Separately
\$4,300	\$7,200	\$6,350	\$3,600

**But,** if you or your spouse marked any of the boxes for 65 or older or blind, please see your federal return for your standard deduction amount. In addition, if you are claimed as a dependent on another person's return, please see your federal return for your standard deduction amount.

If you itemized on your federal return, you may want to itemize on your state return or take the standard deduction, whichever results in the higher deduction amount. However, if you were **required** to itemize deductions on your federal return, you must also itemize deductions on your state return. To figure your itemized deductions, please fill out the schedule on the back of the return. **If you itemize deductions on your federal return, you must enclose a copy of Federal Form 1040, pages 1 and 2, and Schedule A.**

## I How do I figure my dependent deduction?

Multiply \$1,200 by the total number of people you claimed as dependents on your federal return. **Do not include yourself or your spouse.**

## J How do I figure my tax?

Multiply \$1,000 by the total number of people age 65 or older you claimed on your federal return. If dependents receive state funding or Medicaid, they do not qualify. **Do not include yourself or your spouse. Enclose a copy of your federal return (pages 1 and 2).**

## K How do I figure my tax?

If your Missouri taxable income is less than \$9,000, use the tax table located on the back of the tax form. If the Missouri taxable income is over \$9,000, then subtract \$9,000 from your Missouri taxable income and multiply the difference by 6%. This figure should be added to \$315 and placed on Line 11.

If you have an amount due, you can pay by credit card, regardless of when you file your return. Call toll-free **1-888-296-6509**. The department accepts Mastercard, Discover, and American Express. A convenience fee will be added to your credit card account.

## L What are estimated tax payments?

Estimated tax is a method used to pay tax on income that is not subject to withholding. This includes income from self-employment, interest, dividends, alimony, rent, capital gains, prizes, awards and some pensions/annuities and Individual Retirement Accounts (IRAs). Quarterly estimated tax payments are due April 15, June 15, September 15 and January 15.

## M Why would I want to apply any or all of my refund to next year's taxes?

You may reduce the amount of tax you may have to pay with next year's Missouri return.

## N Can I still make a trust fund contribution even though I have a balance due?

Yes, but don't forget to add the amounts contributed to the amount due and provide a separate check. The minimum contribution is \$2.00 (\$4.00, if married filing combined).

# Frequently Asked Questions of the Missouri Itemized Deductions

## O What can I include in my Missouri Itemized Deductions?

You may include the items that are in your federal itemized deductions, except for state income tax. You may also include one-half of your self-employment tax and your withholding for social security tax, medicare tax and railroad retirement tax reported on your Form W-2(s). However, if your withholding for social security and/or railroad retirement exceeded the maximum, the excess amount is not to be included. A cultural contribution is provided for an approved literary, musical, scholarly or artistic composition. Monetary contributions do not qualify.

## Why do I have to subtract my state taxes from my itemized deductions?

The State of Missouri allows a deduction for the federal tax you pay. The state tax is included in your federal itemized deductions and it cannot be included in your Missouri itemized deductions.

## Why should I complete this worksheet?

If your federal adjusted gross income is more than \$126,600 (\$63,300 if married filing separate) your federal itemized deductions were reduced. You should complete the worksheet to be sure you only subtract the amount of state and local tax you were allowed on your federal itemized deductions. Failure to complete the worksheet may result in you paying too much tax.

# Line-by-Line Instructions for the Missouri Itemized Deductions

- You must enclose a copy of your Federal Form 1040 and Federal Schedule A with your Missouri return if you itemize your deductions.
- You cannot itemize your deductions if you took the standard deduction on your federal return.

## Line 1 — Federal Itemized Deductions

Enter the amount from Federal Form 1040, Line 36 on Line 1. Include on Line 1 your **approved** cultural contributions (literary, musical, scholastic or artistic) to a tax exempt agency or institution that is operated on a not-for-profit basis. **Cash contributions do not qualify.** Contact the department at (573) 751-5746 to verify your contribution qualifies.

## Line 2 — Social Security Tax (FICA)

Enter in the first box on Line 2 the social security tax **you** paid in 1999, from the social security tax withheld box on your 1999 Form W-2(s), (not to exceed \$4,501). Enter in the second box on Line 2 the medicare tax **you** paid in 1999, from the medicare tax withheld box on your 1999 Form W-2(s). Enter the total of these two boxes on Line 2.

## Line 3 — Railroad Retirement Tax

Enter in the first box on Line 3 the railroad retirement tax, Tier I and Tier II, which was withheld from your wages during 1999 (not to exceed \$7,132). This amount includes a Tier I maximum of \$4,501 and Tier II maximum of \$2,631. Enter in the second box on Line 3 the medicare tax **you** paid in 1999. Enter the total of these two boxes on Line 3.

**Note:** If a person has both FICA and railroad retirement tax, the maximum deduction allowed is the amount withheld as shown on the Form W-2(s) less, either the amount entered on Federal Form 1040, Line 62, or, if only one employer, the amount refunded by the employer.

## Line 4 — Self-employment Tax

Enter in the first box on Line 4 the self-employment tax **you** paid in 1999 from the Federal Form 1040, Line 50. Enter in the second box on Line 4, **your** portion of the amount of self-employment tax deducted on Federal Form 1040, Line 27. Subtract the second box from the first box and enter the difference on Line 4.

## Line 5 — Total

Add Lines 1 through 4. Enter the total on Line 5.

## Line 6 — State and Local Income Taxes

Enter the amount from your Federal Form 1040, Schedule A, Line 5. **However**, if your federal adjusted gross income from Federal Form 1040, Line 33 is more than \$126,600 (\$63,300 if married filing separate) complete the Worksheet for Line 6.

**Note:** The state and local tax you claim on your federal itemized deductions must be subtracted from Missouri itemized deductions. Because at the federal level your itemized deductions are reduced if your income is greater than \$126,600 (\$63,300 if married filing separate), you need to complete this worksheet so you subtract only the amount of state and local tax you were allowed on your federal itemized deductions. **Do not complete Lines 6 and 7.** If you don't complete the worksheet, and you should complete it, your Missouri itemized deduction will be lower than they should be, and you'll pay too much tax!

## Worksheet for Line 6

Included in the Federal Revenue Reconciliation Act of 1990 was a provision that required individuals with federal adjusted gross income over certain income thresholds to reduce the amount allowable for federal itemized deductions by 3% of the excess over that threshold (26 USC 68). Certain deductions, such as medical expenses, investment interest and casualty, theft or wagering losses are not subject to this reduction. For 1999, the threshold is income over \$126,600 (\$63,300 if married filing separate).

## Line 7 — Earnings Taxes

Enter on Line 7 the amount of any Kansas City and St. Louis earnings taxes that are included in Line 6.

## Line 8 — Net State Income Taxes

Subtract Line 7 from Line 6 and enter the result on Line 8 or if you completed the Worksheet for Line 6 enter the amount from Line 7 of the Worksheet.

## Line 9 — Missouri Itemized Deductions

Subtract Line 8 from Line 5 and enter the result on Line 9, and on front of form, Line 6. If this amount is less than the federal standard deduction (see federal income tax form instructions for amount), then you should enter the standard deduction amount on front of form, Line 6, unless you were required to itemize your deductions on your federal return. If you were required to itemize your deductions on your federal return, you must enter the amount from Line 9 on the front of the form, Line 6.
